

BIZ LIBRARY

THE BIZLIBRARY COLLECTION

The BizLibrary Collection, curated by experts, includes modern, short, video-based lessons covering topics important to today's workforce.

All of Your Content Needs With One Partner

No need to pick and choose from a variety of content vendors. The BizLibrary Collection, including over 9,500 lessons from over 40 different content partners, is your one-stop-shop and covers the topics your organization needs to deliver a successful learning program to maintain your competitive advantage.

Curated by Experts

Our curation team ensures your workforce receives high-quality, modern, engaging content delivered from numerous producer partners, in a variety of topics and formats that meet learners' preferences.

Works In Any LMS

Content within The BizLibrary Collection works seamlessly with our award-winning platform, or it can be delivered in any LMS or LXP that accepts AICC or SCORM compliant content.

Multiple Licensing Options

Whether you are looking to deliver an exploratory learning program or have a very targeted topical or compliance need, we have multiple options for you to select the content of your choice.

Content Subscriptions

With three subscription options and over 9,500 lessons to choose from, you can curate a library that is suited for the specific needs of your organization.
