

The BizLibrary Collection

The BizLibrary Collection, or BLC, is a collection of more than 8,000 titles from 40+ different producer partners. Content within The BizLibrary Collection meets AICC and SCORM standards and covers seven business-critical topic areas.

- Business Skills
- Sales & Service
- Leadership & Management
- Software
- Information Technology
- HR Compliance
- Workplace Safety

The BizLibrary Collection is filled with high-quality, short, video-based lessons, covering topics that are important in today's workforce.

Benefits of the BizLibrary Collection

- The BLC includes state-specific compliance training and helps organizations with a dispersed workforce comply with state laws and regulations.

- BizLibrary aggregates content from more than 40 different producer partners and subject matter experts. Each producer partner's content provides a different production style to help appeal to a variety of different learner preferences.

- The BLC contains thousands of video lessons and courses covering topics important to growing organizations including software, IT certifications, and in-depth OSHA and workplace safety training.

- The BizLibrary Collection offers a variety of different formats such as video lessons, video courses, interactive videos, and elearning to keep learners engaged.
