

BizLibrary offers a wide variety of microlearning content, ranging from 5-7 minutes in length. Much of this content comes from our 40+ producer partners, however we do create content in-house, under the name BizLibrary Productions. Some of the topic areas we've created content for include:

- Business Skills
- Sales & Service
- Leadership & Management
- Limited Information Technology (Cyber Security, digital fluency)
- HR Compliance – Including State Specific Anti-Harassment
- Limited OSHA/ Workplace Safety

There are more than 2,200 lessons produced by BizLibrary Production in The BizLibrary Collection.

Benefits of BizLibrary Productions Content

- Not all companies need access to the entire BizLibrary Collection. Often the BizLibrary-produced subset is sufficient for our client's training needs.

- Organizations don't always need access to software training, IT certifications, or OSHA and workplace safety training content. BizLibrary Productions content focuses on the soft skills your organization needs to remain competitive.

- BizLibrary Productions content can meet your HR compliance needs, including areas like anti-harassment, discrimination, diversity, and HIPAA. Ensuring training content is up-to-date is key to keeping learners engaged, and BizLibrary's commitment to ongoing content curation keeps our library fresh and relevant to learners.

- BizLibrary Productions provides a variety of content formats, including video lessons, courses, and interactive videos.

- For organizations working with a smaller budget, the BizLibrary Productions subset comes at a lower price while still meeting your training content needs.
