

# CSP Exam Prep

## Become a Certified Safety Professional with our CSP Exam Prep

To help Safety, Health and Environmental (SH&E) professionals looking to take the next step in their careers, BizLibrary partnered with ClickSafety – an online safety training and compliance solutions provider for more than 10,000 organizations across multiple industries worldwide – to offer candidates an online CSP Exam Prep course.

## Get Prepped

The Board of Certified Safety Professionals' (BCSP) exam comprises 200 questions to be answered over a 5.5-hour timeframe, proving a rigorous assessment of candidates' knowledge of workplace safety. The CSP Online Exam Prep course is a non-transferrable, single user license that is valid for one whole year and features the following resources to prepare candidates for success:

**Reference  
Materials**

**Practice Exams**

**Mentors on hand**

**Study Sessions**

The online CSP Exam Prep course can be accessed from any device and users can track progress and answers along the way.

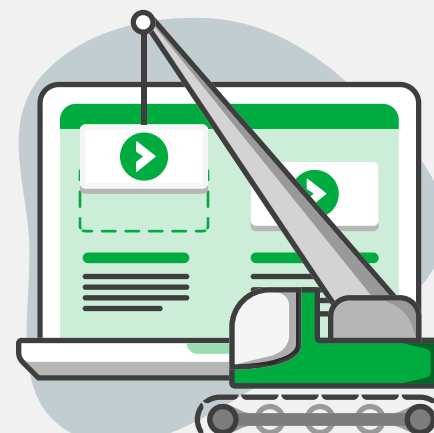

## Study Questions

The Online CSP Exam Prep includes study questions thoughtfully crafted by Certified Instructional Technologists and other helpful resources across the following categories:

**Concepts of Probability,  
Statistics, and Calculus**

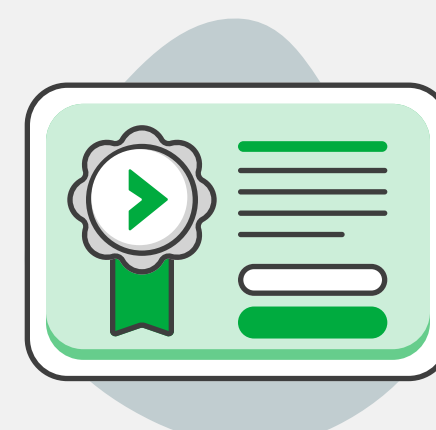

**Engineering**

**Applied Management**

**Legal and Professional Affairs**

**Professional Conduct and Ethics**

## Exam Completion

Upon completion of the exam prep course, candidates will be able to:

- Assess their readiness for the exam by identifying knowledge gaps
- Develop individual study plans based on all the resources and materials available to them.
- Understand certification requirements, exam blueprint version CSP10, and scoring procedures.

Safety and compliance training is a top business priority of organizations today, and as a leading online learning partner, BizLibrary is committed to providing organizations relevant content to stay up to date on evolving workplace trends and regulations.

Empower your employees to take their careers to the next level.
