

# BizConnect: Seamlessly Integrate Your Essential Systems with BizLibrary

BizConnect is an expansive integrations marketplace, designed to ease administrative burdens and remove barriers to learning.

Our wide range of integration capabilities help training administrators cut down on duplicated work, streamline existing processes, and scale their training faster.

**Seamless Integration with Your Existing Systems:** Managing your existing tech stack can be complicated enough. Our solution easily integrates with your existing systems so you have one less worry at work.

**Wide Range of Integrations:** BizConnect offers pre-built connectors with over 60 leading HRIS and payroll platforms, including popular systems like ADP, Workday, BambooHR, and Paylocity. We support content integrations including Cornerstone On Demand, SAP SuccessFactors, Schoox, Oracle, and more. Additionally, we can support integrations for other essential functions, including SSO, Microsoft Teams, and more. This broad compatibility allows clients to quickly integrate with their existing systems, enhancing data consistency and operational efficiency.
