

Why BizLibrary Content?

BizLibrary content is ideal whether you're going all-in on skills development or have a very targeted training need.

Expert-led

BizLibrary partners with a variety of subject matter experts in key areas like DEI, compliance, leadership development, software, remote work, and more to bring the most valuable information to your workforce.

Variety of formats and styles

Our learning library includes more than 10 content styles and formats, including video lessons, eLearning, interactive videos, video courses, and ebooks.

Region-specific and localized content

Our collection of region-specific compliance training and localized content helps you deliver an experience tailored to your organization's goals and objectives.

Highly rated

Our average course rating is 4.3/5, and the average age of our content is four years old.

40+ producer partners

We partner with more than 40 producer partners to be sure we're delivering the variety of topics needed for today's workforce.

Accredited content

Select content is available for SHRM and HRCI credit.

Timely and Relevant

The world of work is quickly changing, and your workforce needs access to the latest information to help them perform at their best. We never stop creating, adding, and retiring content, keeping our library in tip top shape.

Regularly curated

We add 100+ titles each month on topics important to today's workforce. We also take and fulfill client requests. Additionally, we assess lessons in our library for age, low utilization, low ratings, and outdated information, and retire on a monthly basis.

Curated learning paths

Browse pre-built learning plans on topics like DEI, new manager fundamentals, compliance, safety, onboarding, and more!
